After boarding at the Lake gate, the riders will take the local road to the cycle path, which will take them about 1200m to Poděbrady - Přední Lhota. Here they will first turn left and then right onto the road No. 38, direction Mladá Boleslav, which will take them to the roundabout in Nymburk. From there they will complete a 5.5km long circuit in the shape of glasses: First, a double right turn in the direction of Bobnice, then a right turn again in the direction of Nymburk, and a double right turn on the edge of the industrial zone back to the roundabout, where they continue in the direction of Kolín, i.e. along the same road and cycle path in the opposite direction of the first part of the route to the finish. There is no time limit for completing the cycling section.
